**Acadiana Management Group to add HCS INTERACTANT™ Revenue
Cycle Management System at 2 More Facilities**

Farmingdale, NJ (January 2012)- Health Care Software Inc. (HCS), is pleased to announce that healthcare management company, Acadiana Management Group (AMG), LLC, will install the **INTERACTANT™** revenue cycle management system at two additional facilities; LTAC of Louisiana, Lafayette LA and LTAC of Greenwood, Greenwood, MS. This will bring the total number of AMG facilities using **INTERACTANT** to eight.

“**INTERACTANT** is designed to accommodate future growth in organizations and adding facilities is very easy due to the flexibility of the applications.” states Tom Fahey, President of HCS. “Acadiana Management Group has been a very successful user of our applications and we are very proud to continue our strong relationship with them.”

LTAC of Louisiana and LTAC of Greenwood will be implementing **INTERACTANT** applications including Registration, Billing, Accounts Payable, Contract Management and General Ledger.

About Acadiana Management Company, LLC

AMG was founded in 1999, and its principal officers, have over 50 years of experience both developing and managing the operations of multiple inpatient and outpatient rehabilitation hospitals, long term acute care hospitals, general acute care hospitals, ambulatory surgical facilities, walk-in clinics, diagnostic testing facilities, and hospices.

AMG currently has over 1,000 employees and over 14 facilities in various locations throughout the United States. Since 2007, AMG has grown at a fast pace, doubling its presence in the post-acute healthcare marketplace..
